2009 Classes

The school year has begun smoothly in all year levels with new students and staff settling in well. Enrolments are as expected across all year levels.

Both Year 6 and Year 7 students will be graduating from Sacred Heart this year and leadership opportunities have been provided for both year groups.

The Loreto Child Services Centre programmes are in full operation: Long Day Care licence approved in January with Child Care Rebate now available. Pre Kindy programme is full with a waiting list in concessions and OSHC numbers are consistent with previous years. *Some sessions*

Parent Information Meetings

These have been well attended by parents. The final two meetings for PP and Year 2 will be held tomorrow evening. The Parent Handbook will be distributed this week.

Grant Application

The school is currently working to submit a grant application as part of the Australian Government's Economic Stimulus Package – Building the Education Revolution. More information will be provided as this is processed.

Uniform Focus

As mentioned in last week's newsletter all staff are paying particular attention to how students are wearing their uniform. Uniform Cards will be sent home where students are consistently ignoring teacher reminders.
