### School Operation

The school year has begun smoothly across all year levels with staff, students and new families settling in well. Enrolments are as expected across all year levels.

During the holidays OSHC moved to the now vacant Year Seven classroom area and is now well settled in this dedicated space.

The Long Day Care Early Learning Centre is operating out of the Loreto Child Services Centre and has reached capacity most mornings with spaces still available in the afternoon sessions.

The timeline for the *Building the Education Revolution – P21 Programme* which involves refurbishment to The Early Learning Centre and minor works around the school as well as construction of the new Multi-purpose Hall is yet to be finalised as we are still waiting for final planning approval. Information will be disseminated through the newsletter when it becomes available.

### Solar Grant

Installation of solar panels as part of the \$50,000 Solar Grant received last year took place last week. Thank you to Jonnda for her hard work in bringing this together.
